

Jackson Hospital ChargeMaster Statement

Ms. Brooks,

In reference to your ChargeMaster story today, please include the following statement.

Jackson Hospital, in compliance with the posting of our ChargeMaster, do so in hopes of adding to our robust patient-centered healthcare system. Greater price transparency assists our patients with what they need to be active healthcare consumers.

In addition to the required ChargeMaster, we also provide helpful definitions, to ensure patients understand the information provided, as well as, a direct contact number to assist with any additional questions patients may have when trying to understand their healthcare costs.

Thank you again for your time and dedication to informing the River Region Community with timely and accurate reporting.

Sincerely,

A handwritten signature in black ink that reads 'Joe B. Riley'.

Joe Riley
President and CEO
